

PUBLIC LEDGER

WEEKLY REPUBLICAN—1887.
DAILY PUBLIC LEDGER—1892.

NOT MUCH DIFFERENCE.
The candidate will soon come forth
And shake you by the hand.
And show you what great plans he has
To benefit the land.

And when he gets the place he seeks.
You'll note with mild dismay
The world he promised to reform
Plods on the same old way.

Street Commissioner Ben Smith says if THE LEDGER will just hold its breath and the other fellows hold their breeches and not bust their belly bands, and a few sunny days make their appearance, we will change our quagmire roads into metropolitan streets. Now let up and give the old bald-headed sinner an opportunity to make good his word, and if he don't—well.

It is a mystery what the farmer is doing with the big wads of money he is receiving for the tobacco hauled to this city. There has been more of the weed sold here this season than was ever known in the history of the city, and less money spent with our merchants. What is the farmer doing with his money—putting it in bank or sinking it in his socks? He isn't spending any.

STEAMBOAT ACCIDENT

The Ben Hur Crippled at Ripley By Yesterday's Wind

The steamer Ben Hur of the Independent Line met with a serious accident on her up trip yesterday as she was leaving the wharf at Ripley.

The landing at that place is hedged in by coal fleets, both above and below the wharfboat.

The wind was blowing a gale on the river all day yesterday, and as the Hur was rounding out she was caught broadside and blown with great force against a loaded barge and ripped a hole in her hull just above the water line and tore a considerable portion of her guard away aft of the cookhouse.

The boat was in considerable danger of sinking until the damage had temporarily been repaired. She passed here in a dilapidated condition and in great distress.

NOT CAUGHT YET

Joseph Kelch, Murderer of Miss Mathews, Still at Large

There was a report here yesterday noon that Joseph Kelch, supposed murderer of Miss Isa Mathews near Ripley, had been captured at Latonia; but this probably grew out of the fact that he had acquaintances there, and that officers were searching that locality.

He is still at large.

The Coroner's Jury decided that the girl died from strangulation. There were no marks on the body save a slight scratch over the eye.

She was thrown into the well head first, and when discovered but one foot was visible above the water. The body was extricated with difficulty.

Miss Mathews was in Ripley Saturday and attempted to purchase a revolver at a hardware store, but could not find the proper size. She was heard to remark that she was afraid of a man.

Parties in this city who knew both Kelch and Miss Mathews say the former is a green, innocent-appearing farmer's boy, while the latter was a handsome, estimable young woman.

MURPHY, the Jeweler.

Mrs. L. V. Davis spent an entire week in New York making selections, and the new Spring Millinery gets its first important showing Thursday, March 31st.

Commissioner of Internal Revenue Verkes has sent to the Ways and Means Committee of Congress, with a recommendation for its passage a bill that will permit the unrestricted sale of unstemmed tobacco in the natural leaf without tax or charge of any kind.

The House Monday passed the bill Senator Bryson introduced in the Senate appropriating \$20,000 for the erection of a monument to William Goebel in the Statehouse yard at Frankfort. It will probably not be erected until the Capitol is completed.

Well Again.
The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monon, Ind.) had failed to give relief. The prompt relief from pain which this liniment affords is alone worth many times its cost. For sale by Jas. Wood & Son.

IN Chicago there is an organization of several thousand business men who are pledged not to employ cigarette smokers. This "Union" ought to become epidemic.

THE Editors down at Louisville of The Times and The Post are spattering each other with mud. It's fortunate that they do not have Maysville's streets to draw on—there would be a double drowning.

WHEN Mister Bristow's "report" was sprung on Congress, Representative Hill, a Connecticut Republican, waiving his constitutional protection, denounced Mr. Bristow as "A liar and a scoundrel!" The Kansas Jayhawker had not replied at last accounts.

RUSSIA having torn down her building at the St. Louis World's Fair because some Americans sympathize with the Japs, the fact that an amateur Debating Society at Covington has decided that Russia is in the wrong in her fight with Japan, is enough to make the Czar blow off his whiskers off.

RUSSIA has shown marked ability in playing the baby act. She has actually torn down her building at the St. Louis World's Fair, and refuses to play on Uncle Sam's cellar door. No doubt she thinks that will cripple the big show; but if Count KNOCKEMSTIFF will just come over he'll be surprised at what a small hole the Russian Building left.

THE heirs of GEORGE WASHINGTON have sharpened up their old hatchets and will soon bring suit to recover nearly all the ground that Philadelphia and Washington are built on, besides miles and miles of land in Georgia and Kentucky. Next thing you know, some of the descendants of old man ADAM will hire a few briefless lawyers to bring suit for the earth.

ABOUT the only thing that has developed so far in the REED SMOOT investigation in the Senate is that some of the Mormon Poobahs still support and live with the numerous wives they had previous to the prohibition of plural marriages. There is no evidence whatever that any plural marriages have taken place since the prohibitory law went into effect; nor that Mr. SMOOT ever had but one wife, or that he even indorses polygamy. Just how all this "fuss and feathers" can affect Mr. SMOOT's right to a seat in the Senate is a mystery; unless the purists demand that their own Paster be "fired" simply because some member of his congregation turns out to be a rascal.

Political Pickings

SHADES OF WEAVER, YOUTSEY & CO.

Cynthiana Democrat.

The case of A. C. Adams, the self-confessed perjurer in the Jett-White trial, is a singular one. He came to Cynthiana ready to confess his guilt and go to the Penitentiary. After his statement to the Jury implicating certain men in the assassination of Marcum, his Attorney changed the plea of "guilty" to "not guilty," and although no testimony had been heard on either side, the Jury brought in a verdict of guilty and fixed the punishment at one year in the Penitentiary. A convicted perjurer cannot give testimony in any subsequent proceedings, and the prosecution, who had at first desired Adams's conviction and plead for a year in prison, turned about and moved for a new trial, after it was realized that Adams could not be used as a witness against other men indicted on his evidence before the Grand Jury. The new trial was granted, and Adams, desiring to go to the Penitentiary, is turned loose on his own recognition, and remains in Cynthiana because he is afraid to return to his home and family in Breathitt county. It is a queer turn where the defense tries to convict a man and the prosecution desires to acquit him. Stranger than fiction are the things that come out of the mountains.

Stop ... Coughing!

This is not a command—only a suggestion. We suggest that you stop that slight cough before it becomes too late. Oftentimes people say "Oh, it is only a slight cough; it will soon wear off." The cough grows worse, and they have to resort to strong medicine and perhaps have a long sickness. If in the beginning they had used a mild remedy they would have saved themselves and others a great deal of trouble and worry. There is nothing so annoying as a hacking cough; it not only disturbs the one who is coughing, but it disturbs and annoys every one who is in hearing. To those who are troubled with a cough we suggest a bottle of...

Y. M. C. A. Have a Jolly Contest at Basket Ball Last Night

The boys at the Y. M. C. A. had a warm and hilarious old time last night.

It was the evening for the Basket Ball contest and a goodly crowd was present to cheer and give vigor to their respective champions.

The forces arrayed against each other were captioned on the one side by Frank King and on the other by Samuel Daugherty.

It was biff, bang and get there Johnny from the tap of the drum to the shout of victory.

It was a stubborn fight all along the line, the teams being well balanced and ably directed by the Captains of the opposing sides.

Although defeated by a score of 19 to 12 Captain Daugherty was not disgraced.

Mr. Leon Squires gave general satisfaction as Referee, while Robert Raap enacted the part of Umpire to the Queen's taste.

Do You Want Strength?
If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its healthful properties.

A NOTED WOMAN,

COUSIN OF LATE U. S. PRESIDENT ZACHARY TAYLOR.

76 Years of Age. Recommends Vinol for Old People.

Mrs. Sarah J. Windrom of 429 W. Erie St., Chicago, a member of one of the most distinguished families in the country, cousin of Zachary Taylor, 12th President of the U. S., and granddaughter of Alexander Hamilton who signed the Declaration of Independence, writes:

"Vinol is a godsend to old people. I am 76 years old, but I feel active and well today, thanks to the vitalizing effects of Vinol."

"My appetite is all that could be desired. I sleep well, and my mind is clear, and I am interested in the affairs of life as I was fifty years ago."

"When I was young cod liver oil was dispensed in a greasy, unpalatable form, and it fairly gagged me to get it down. Vinol is so different, palatable and nourishing to impervious blood."

"I feel so much stronger, both mentally and physically, since I used Vinol that I feel it my duty, as well as a pleasure, to recommend Vinol as the finest tonic I ever used in my life."

Such words of praise from a person of such high standing must be accepted as unquestionable proof of the superiority of Vinol.

Do you wonder that our Vinol has such a strong hold upon the esteem of doctors and patients? We know of nothing else that will accomplish such wonderful results; and remember, Vinol is not a patent medicine.

There are hundreds of old people in this vicinity who need just such a strength-maker and tissue-builder as Vinol. Their blood is thin and sluggish—Vinol will enrich and quicken the blood and build up the system. It is so much better than whisky and strong stimulants, which always have a bad after effect and weaken and break down. There is nothing in the world so good for the weak, the aged or the run-down system, and to cure a hanging-on cold or hacking cough as Vinol and because we know so well what it does we are always ready to repay you for it if it fails to do so.

Try it on our guarantee.

In a saloon at Owingsville, Solomon Wells, of a prominent family, was fatally shot by Peter Purgram.

Mr. John Dickson of near Germantown purchased a fine bay mare yesterday at Washington from Mr. J. W. Peed of the Fleming line.

Latest News

Columbus (O.) saloon-keepers have agreed to discontinue serving free lunch.

A dispatch to Reuter's Telegram Company states that persistent rumors are current there that the Russian fleet left Port Arthur after the attack by the Japanese on March 10th and is now endeavoring to reach Vladivostok.

Pete Purgram shot and mortally wounded Cole Wells in D. N. Young's saloon in Owingsville Monday night. Purgram, who was drinking, became angry with Wells. The latter finally told Purgram that he was not afraid of him. Purgram then stepped up to Wells, slapped him in the face, at the same time drawing his pistol and firing.

James Hargis, Senator Alex. Hargis, B. F. French and Ed Callahan have filed separate answers to the damage suit of Mrs. Abelia Marcus for \$100,000 for the murder of her husband, James B. Marcus. They deny the jurisdiction of the Court, as the killing took place at Jackson. They also deny the charges of conspiracy.

The distinguishing features of the session of the Legislature that closed yesterday at Frankfort have been the freedom as a whole from the influences of the lobby, the number of big appropriations passed, which practically drains the State Treasury of its \$2,000,000 surplus, and the small amount of politics indulged in as compared with past sessions. The Republicans found themselves in a hopeless minority, and the Democrats having no one to quarrel with, only stirred up an anti-administration row, which did not reach the exceedingly bitter partisan stage. Among the bills left on the Governor's table at the close of the session and which the Governor may hold, if he so desires for as long as twenty days, are several that may be vetoed. The bill creating the county of Thorpe, if it becomes a law at all, it is believed, will do so without the Governor's signature, and even this is not certain. The breach between the Governor and the Lieutenant-Governor is wide, and besides that there are a number of party leaders who think it bad policy to be creating more pauper counties, just in order to compliment this or that public man.

ANNUAL SALE, TEN MILLION BOXES

The Rev. Father James McNeerney, Pastor of the Church of the Immaculate Conception, Newport, fell Monday on the icy street in that city and broke his left collar-bone.

An unusual condition of affairs has been made public in Jackson county, Ind., by the recent granting of a back pension amounting to \$2,000, a monthly income of \$8 for herself and \$2 per month for each of her three minor children, to Mrs. Mary R. Young. Mrs. Young has had the experience of twice being married to the same man.

Richard Young was a member of Company H, Thirty-fourth Ohio Regiment, during the Civil War, and at the conclusion of the struggle he returned to his home in Bracken county, where he married the daughter of a neighboring farmer, but they lived together only a short time and separated.

Young supposed his wife had procured a divorce and under that belief he later married a schoolmate at Aberdeen.

His first wife was then living with relatives in Pendleton county and she was aware of his marriage to wife No. 2.

Upon discovering no divorce had been secured prior to his second venture he immediately separated from wife No. 2, and set about having the papers granted at once.

After due time, in June, 1872, he was remarried to wife No. 2.

Young died in 1892, and when his widow applied for a pension the peculiar state of affairs became known. It was discovered from the records in Bracken and Pendleton counties that the divorce from his first wife was not granted until 1873, a year after his second marriage to wife No. 2.

This disclosure delayed the granting of the pension, pending an investigation, until a few days ago.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by drugists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When you write mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

DO IT TODAY.

The time-worn injunction, "Never put off 'till tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for IT TODAY, and let that remedy be Dr. Boesche's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure, as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. For sale at Henry W. Ray's Postoffice Drugstore.
